Slip Wait List Policy

POLICY GUIDELINES

A. Definitions

1. Commercial Vessel – Vessels that, through its design, configuration, use and/or documentation, may produce revenue. Licensees are required to provide proof of commercial activity.
2. Port Resident – Anyone living within the Poulsbo Port District boundaries. Applicant must show proof of address (i.e., utility bill, mortgage statement, etc.) and photo I.D.

B. Priority Status

1. Commercial Vessels shall have top priority for permanent slips on the commercial dock (D-dock) only. This, however, does not preclude them from being on the non-commercial wait list as well.
2. Port District residents shall have priority for non-commercial permanent slips.

C. Boathouse Wait List

1. There shall be a separate wait list for boathouse spaces.
2. Applicants shall have the option of being added to the *Boathouse Wait List*, in addition to the *Slip Wait List*.

D. Application Requirements

1. Completed *Wait List Application*
2. Application Fee:
 1. \$25.00 *if paid prior to June 1 of each year.*
 2. \$12.50 *if paid June 1 or later.*
3. Wait list applications are renewed annually.
4. Washington State enacted new laws for Vessels that are greater than 35 feet in length and more than 40 years old. For Vessels meeting this criteria, State law requires that a Vessel owner must obtain a vessel inspection prior to transferring the vessel. The vessel inspection report must be provided to the Port of Poulsbo at the time that the waiting list application is submitted to the Port. The vessel inspection required must be completed

by an accredited marine surveyor (NAMS-CMS or SAMS-AMS). RCW 79.100.150 WAC 332-08-123

5. The following documents are required to be submitted with the waiting list application:
 - a. A current photo of all sides of the vessel.
 - b. Current location of the vessel.
 - c. A current copy of the vessel's registration.
 - d. A current copy of the 'declarations page' from the current insurance policy.
6. It is the policy of the Port of Poulsbo that Vessels built before 1992 will be required to provide a current marine survey, initiated by the current owner with the last four years from the date of this application.

Vessels which, because of their size, condition, or construction, and are deemed by the Port to be potentially hazardous to Port property or other vessels, may be denied moorage. The Port may require the applicant to provide, at no cost to the Port, additional information (such as a marine survey) to establish seaworthiness and eligibility to apply for moorage at the Port of Poulsbo.

E. Slip Assignments

1. When a slip comes available, Port staff will first consult the *Transfer List*. This list is composed of current Licensees that want to move to a different slip within the marina. The *Transfer List* shall have priority overall.
2. The resulting available slip will then be offered to persons holding priority status, according to their application date, and with a vessel that fits the criteria of the available slip.
3. Upon notification of an available slip, a wait list applicant will have three (3) working days to accept said slip.
4. Wait list applicants that refuse an available slip will be moved to the bottom of the wait list.

F. Boathouse Space Assignments

1. When a boathouse is made available for purchase, the Port of Poulsbo shall have the first right of refusal.

2. *Boathouse Wait List* applicants shall have second right of refusal in the event the Port declines a boathouse purchase.
3. Boathouse slip assignments will only be made by the Port.
