PORT OF POULSBO: PARKING

- Parking is limited! There are 38 regular permit/pay parking spaces and 21 liveaboard parking spaces for Port of Poulsbo licensees. See map for locations.
- To park in any Port permit space, your parking permit **must be displayed**. It is designed to be hung from the rear-view mirror, but may be placed on the dashboard or in the window. It must be placed where a person can reasonably expect to see it from outside the vehicle.
- The spaces in the Jensen Way parking lot with the green “Parkmobile” signs are considered permit spaces and those with a permit displayed may park there without paying. These spaces are also open to the public with payment.
- Vehicles parking in Port spaces without a permit displayed may be towed at owner’s expense without prior notice.
- The maximum stay in “short-term parking” is 48 hours. If you need to stay longer, visit either the guest moorage office or the admin office to get an extended stay parking pass. This pass must be displayed **along with your regular permit** and you must park in the Jensen Way parking lot.
- Port parking is to be used only while you are using your vessel. Unacceptable uses of Port parking include, but are not limited to: vehicle storage, parking for downtown merchants, or attending festivals.
- If your permit becomes broken or damaged, please bring the pieces to the admin office and we can replace it for you. If you lose your parking pass, there is a \$100 replacement fee.
- Trailer parking spaces are not meant for trailer storage. They are to be used only while putting your vessel in the water or removing it. Your vehicle must remain hitched to the trailer with your permit displayed at all times while your trailer is parked. No RV’s, camping trailers, or similar vehicles are permitted.
- The City of Poulsbo has some limited parking. To get information on the City’s parking and its rules, you can visit their website at poulsbo.gov/downtownparkinglandingpage
- For a full list of parking rules and information, please see our Marina Rules and Regulations.
